

NIRF – 2019 Feedback Report

The IIHMR University is a 34 years old premier institute on Healthcare Management. We were the pioneers in creating the brand of Health and Hospital Management and our alumni are manning most of the corporate hospitals in India and abroad. Further we have done extensive work on research consultancy in national and international forums. Our students are also leading in different State Governments and Government of India in Public Health stream. We have a collaboration with Johns Hopkins University, USA and giving joint degree of MPH apart from MBA program in Hospital and Health Management. The institute was upgraded as a Private Post Graduate Research University in 2014 by an act of Government of Rajasthan.

We now have applied for NIRF ranking-2019 in the Management category and decided to obtain feedback of stakeholders like Academic Peers, Employers and reputed Organizations through an online survey in November-2018.

The list of professionals who have shared their valuable experience of interaction with IIHMR brand name during November-2018 is being uploaded for ready reference. However, any person who is desirous of giving his feedback can do so by operating the link which has been provided in our website.

The summary of the feedback is as follows:

- A. The majority of the feedback is that IIHMR provides excellent learning environment and developing the budding students into expert professionals.
- B. A majority of the stakeholders felt that they would definitely recommend others to take advantage of the IIHMR education.
- C. The IIHMR family comprising of dedicated faculty, devoted students and Innovative researchers collectively contribute towards excellence which is felt deeply by all who interact with IIHMR.
- D. Organizations and various Governments have faith and trust over IIHMR which has been built with care and reliability and is reflected in the feedback.
