

## Collecting indices

IIHMR University, Jaipur is implementing the Performance Monitoring and Accountability 2020 (PMA2020) in Rajasthan, India. The university has set up a project management unit of central staff and deployed a cadre of female resident enumerators and primary data collectors. The overall direction and support of PMA2020 is being provided by the Bill and Melinda Gates Institute for Population and Reproductive Health at the Johns Hopkins Bloomberg School of Public Health.

The project uses innovative mobile technology to routinely gather data on family planning and water, sanitation and hygiene. Data are collected at household and facility levels via mobile phones through a network of female resident enumerators stationed throughout the state. The presentations were followed by the discussions and suggestions of the participants.
